Subject: RE: Scheduling October 9th and 10th - Josiam comments
Date: 10/23/2012 01:13 PM

Brent

Thanks for organizing the meeting with the USOR technical team. It was a good meeting and glad to meet everyone and discuss the status so that we are all on the same page.

Thanks for the detailed notes. Here is one clarification

Topic 1: Special Notice Package (estimated to be distributed at end of 2012) At the meeting I don't recall giving a timeline because that is still being worked out by enforcement folks. Still don't have a timeline yet, other than that and the Special Notice Package will be distributed in the near future so please remove the statement in brackets so that there is no confusion.

UPDATES:

Topic 3 Update: Trustee Information: I have contacted Stephen Spencer of DOI and is in the process of collecting Trustee information from him. He has reached out to the trustees after the Site was listed and he said he will give me more information about the trustees this week. So once I receive the Trustee information I will share it with the group. We need to keep them in the loop moving forward.

Topic 4 Update: Arsenic Contamination: I spoke to our Site attorney Edwin Quinones and he has sent Mary Koks (PRP Group Attorney) a letter from Baer regarding information about the arsenic contamination. Brent, please check with Mary Koks about the letter. It will be useful information to understanding the history of arsenic contamination.

Topic 8 Update: Post-removal sampling: I spoke to our Site attorney and he said that you can collect post-removal samples for use during the RI/FS phase with the caveat that it will be at your own risk. He indicated however, that these results can be used during the RI/FS phase provided the sampling meets the QA/QC requirements needed for the RI/FS

Please let me know if you have any questions/comments. Thanks.

Thanks Brent.

I will pass on the lunch. I will grab something on the way from S. Cav and plan to meet you in your offices at 12:30 pm. My flight is at 7 pm on 10th so should have sufficient time for the meeting and site visit..

Thanks Raji

We look forward to seeing you, Terry Andrews and Adam on the 10th.

We will have lunch brought in about noon followed by the meeting.

WE can tour the site around 2:30PM and it will take approximately 2+ hours

Since the Oct 9th meeting with HCTRA is confirmed, the USOR meeting on 10th afternoon will work out. I will plan a flight back around that.
Thanks.

Raji

I just talked to Adam and he confirmed he is good with October 10th in the afternoon, so it looks like we are good with the schedule as you proposed below for USOR.

Terry Andrews says he will also be in attendance on USOR. Tricia is double checking with Mike from HCTRA to confirm HCTRA's attendance that day as well.

So 90% complete to all having all confirmations necessary

Stand by as we have a call/email into HCTRA

Subject: Re: Scheduling October 9th and 10th

Brent

Sorry it has taken me some time to respond. Have been trying to iron out various logistics. My original purpose of coming to Houston was to oversee site work at the South Cavalcade site. However, since it also works out to have the HCTRA meeting at that time tried to work my schedule around that. Also trying to figure out how best to incorporate the USOR visit. Here is what I propose and let me know if this works.

- Tues Oct 9th morning - HCTRA meeting at ENVIRON office
- Tues Oct 9th afternoon - South Cavalcade site work
- Wed Oct 10th morning - South Cavalcade site work
- Wed Oct 10th afternoon - USOR meeting/site visit

BTW Fay Duke (TCEQ) is also going to be coming for the South Cavalcade site work so she indicated she can also come for the HCTRA meeting. Tues Oct 9th morning works for her also. She will then head to S. Cavalcade.

Thanks.

I am working with Tricia on the HCTRA projects that include both the North and South Cavalcade projects. We are looking forward to seeing you here in our office one of those two days which ever works best for you. Also, we were trying to see if we can add a day to your schedule a visit with Adam Adams on either October 9th or 10th for an introductory Technical Meeting for US Oil Recovery. ENVIRON is the consultant on that project as well.

WE would really appreciate this opportunity to introduce you to our Technical Team, and review the Removal actions to date and the near future and take a tour of the site/facility. TCEQ (Terry Andrews) has also said he can be here either of those 2 dates which ever works for you.

Could you please call me when you get a minute and we can discuss this great opportunity for all projects involved.

Best Regards

~Brent
